## MLPCARE OPENS 30<sup>TH</sup> HOSPITAL AS IT CELEBRATES ITS 25<sup>TH</sup> YEAR IN TURKISH HEALTHCARE

MLPCare, the largest private healthcare service provider in Turkey, announces that it is opening the group's 30<sup>th</sup> hospital in the country, located in Pendik, Istanbul as it celebrates its 25<sup>th</sup> year in Turkish healthcare sector.

VM Medical Park Pendik Hospital, the company's second hospital on the Asian side of Istanbul, starts admitting patients today for a wide spectrum of medical specialties at 62,000m<sup>2</sup> site.

The announcement follows the company's recent successful initial public offering in February on the Borsa İstanbul stock exchange.

**Dr. Muharrem Usta, Founder, Chairman and Chief Executive Officer of MLP Care, said:**

"We are delighted to be opening our 30<sup>th</sup> hospital in our 25<sup>th</sup> anniversary in Turkish healthcare sector. We have been on an incredible journey during this time - starting from a single clinic, and growing into the largest private hospital chain in Turkey. We will continue to deliver best-in-class healthcare standards to all of our patients across the nation. This is the first of the two greenfield hospital openings we have planned for 2018.

The hospital is conveniently located in Pendik Fevzi Çakmak Quarter near the D-100 state highway and within walking distance of the Tavşantepe subway station. It is in close proximity to Sabiha Gökçen Airport, Istanbul, the Ankara High Speed Train Station and the IDO Pendik – Yalova Ferry Dock.

MLPCare brands include Medical Park, Liv Hospital and VM Medical Park. VM Medical Park Pendik Hospital is the fifth hospital to hold the "VM" title, after the facilities in Kocaeli, Bursa, Samsun and Florya. The hospital will offer Liv Concept service in 19 outpatient clinics.
