## **MLPCARE IS AMONG THE LEADING HEALTHCARE SERVICE EXPORTERS FOR THE THIRD TIME**

**MLP Care is granted the award in the Healthcare Services category in Turkey's Top 500 Service Exporters Survey organized by Turkish Exporters Assembly (TIM) for the third time.**

Turkey takes increasingly larger share from global health tourism with its specialized physicians and successful clinical results in addition to the unique advantages provided to the patients. MLP Care, one of the leading organizations in the healthcare sector, is striving to contribute to the targets of Turkey by continuously increasing patient admission figures.

These contributions are also granted an award this year in the Healthcare Services category in Turkey's Top 500 Service Exporters Survey organized by Turkish Exporters Assembly (TIM). MLP Care is granted the second prize based on corporate efforts made in Year 2017 in the ceremony, wherein Top 500 service exporters of Turkey are awarded. The prize is presented to Mr. Murat Ercan, Director of International Patient Center of MLP Care, by Mrs. Zehra Zumrut Selcuk, the Minister of Family, Labor and Social Services, and Mr. Ruhsan Pekcan, the Minister of Trade.

### **HOSTED MORE THAN 50 THOUSAND INTERNATIONAL PATIENTS**

Presenting his views on the prize, Mr. Murat Ercan expressed their happiness and pride to be among the leading healthcare service exporters for the third time. "We host and treat international patients, who travel from various locations of the world, at our hospitals located across Turkey. In 2017, we provided healthcare services to more than 50 thousand people, who traveled from different locations of the world, ranging from the Netherlands, Djibouti and Germany to Georgia, Bulgaria and Algeria. Our Group ensured foreign exchange inflow at an amount of approximately 55.5 million US Dollars in return for healthcare services provided to international patients" said Murat Ercan.
