**ANNOUNCEMENT REGARDING TURQUALITY SUPPORT PROGRAM**

As of December 30<sup>th</sup>, 2019, MLP Care’s Medical Park and Liv Hospital brands were accepted to the Turquality Support Program, which is mentioned in the 12<sup>th</sup> article of the Communiqué No. 2015/9 “Decree on Branding Supports for Foreign Exchange Earning Service Sectors”. Thus, MLP Care has become the first company in the service sector to be admitted to this program with two different brands.

TURQUALITY® Support Program is the first and only state-sponsored branding program which supports Turkish brands to become a global player in international markets. Unlike traditional export supports, the focus of the program is to contribute to the branding objectives of companies, rather than simply increasing exports.

MLP Care increased its Foreign Medical Tourism (“FMT”) revenue by a CAGR of 71% between 2016 and 2018. In the same period, the share of FMT in total revenue increased from 5% to 11%. With the TURQUALITY® Program, we aim to increase the share of our company’s foreign currency revenues in the total revenue by focusing on the effective marketing activities of our Medical Park and Liv Hospital brands in the target international markets.
