Precautions Taken Regarding the COVID-19 Pandemic

Cost Management	Personnel Expenses	Government's Incentive of Short-time Work Program was utilized between Apr-20 – June-20. Employees have been gradually shifted to a full-time working cycle.
	Doctor Costs	Almost all doctor costs are variable. Revenue decline also decreased the doctor costs.
	Rent Expenses	Rent discount negotiations were successfully completed with the landlords (%50 rent discount is already received for almost all hospitals for April and May).
	Material Cost	COVID-19 related hygiene products are procured from Government, which secures minimal unit price.
	Other Cost	Discounts are received from equipment maintenance suppliers during pandemic period. Marketing & Representation related expenses for both medical tourism and domestic revenues are decreased.
	Capex	Discretionary & growth related capex is minimalised.

Precautions Taken Regarding the COVID-19 Pandemic

Cash Preservation & Liquidity Management

Responsible Leverage

A long-term loan of TL 330 million was withdrawn (investment loan of TL 80 million and a Net Working Capital Facility of TL 250 million) with an attractive interest rate of TR LIBOR + 2.5% (first 6 months) and 3.5% (remaining period). Existing investment loan interest rate is TR LIBOR + 5.8%

NWC Management

As of March 2020, the Net Working Capital Management Committee was established to manage supplier payments and customer collections in an efficient manner.

All Social Security Institution (SSI), Withholding Tax, VAT payments are postponed to October 2020.

Why Invest in MLP Care?

1 Operates in the Attractive Turkish Healthcare Market

2 Clear Leader in Private Hospital Provision

3 Strong Brand Recognition and Unique Business Model

4 Clinical Excellence and World Class Service Offering

5 Superior Historical Financial Performance

6 Outstanding Platform for Further Growth

1 Operates In The Attractive Turkish Healthcare Market

Turkey is an attractive healthcare market with a growing elderly population and level of affluence, with significant scope for expansion compared to OECD players.

1 Operates In The Attractive Turkish Healthcare Market

Supportive government policies have underpinned the expansion of private hospital groups

Healthcare System and Key Participants

Regulator	<ul style="list-style-type: none"> ✓ Monitors quality at all public and private hospitals ✓ Owns and operates public hospitals ✓ Controls the number of licences in the sector
Ministry of Health (MoH)	

Payor	<ul style="list-style-type: none"> ✓ Main provider of financing to the healthcare sector ✓ Monitors usage statistics across private and public hospitals
Social Security Institute (SSI)	

Universal Healthcare Coverage with Patient Choice

Universal healthcare coverage (UHI)

- ✓ Healthcare reforms initiated in 2004
- ✓ Primary care free of charge for all citizens

✓ 98%¹ population coverage by UHI

System favours patient choice

- ✓ Services provided by both public and contracted private hospitals with SSI being the key payor
- ✓ Private hospitals are able to charge higher rates than public hospitals, with some payment required from SSI patients
 - SSI reimburses private hospitals using SUT prices². Price adjustment made in March 2020.
 - Private hospitals have the right to charge +200%³ over and above SUT prices²

- ✓ Patients' choice
- ✓ Partial SSI reimbursements
- ✓ Co-pay up to 200% above SUT prices²

② Clear Leader in Private Hospital Provision

MLP Care is the largest multi-specialty hospital group in Turkey and the only private player with a truly nationwide network

MLP Care network (# of hospitals and locations)

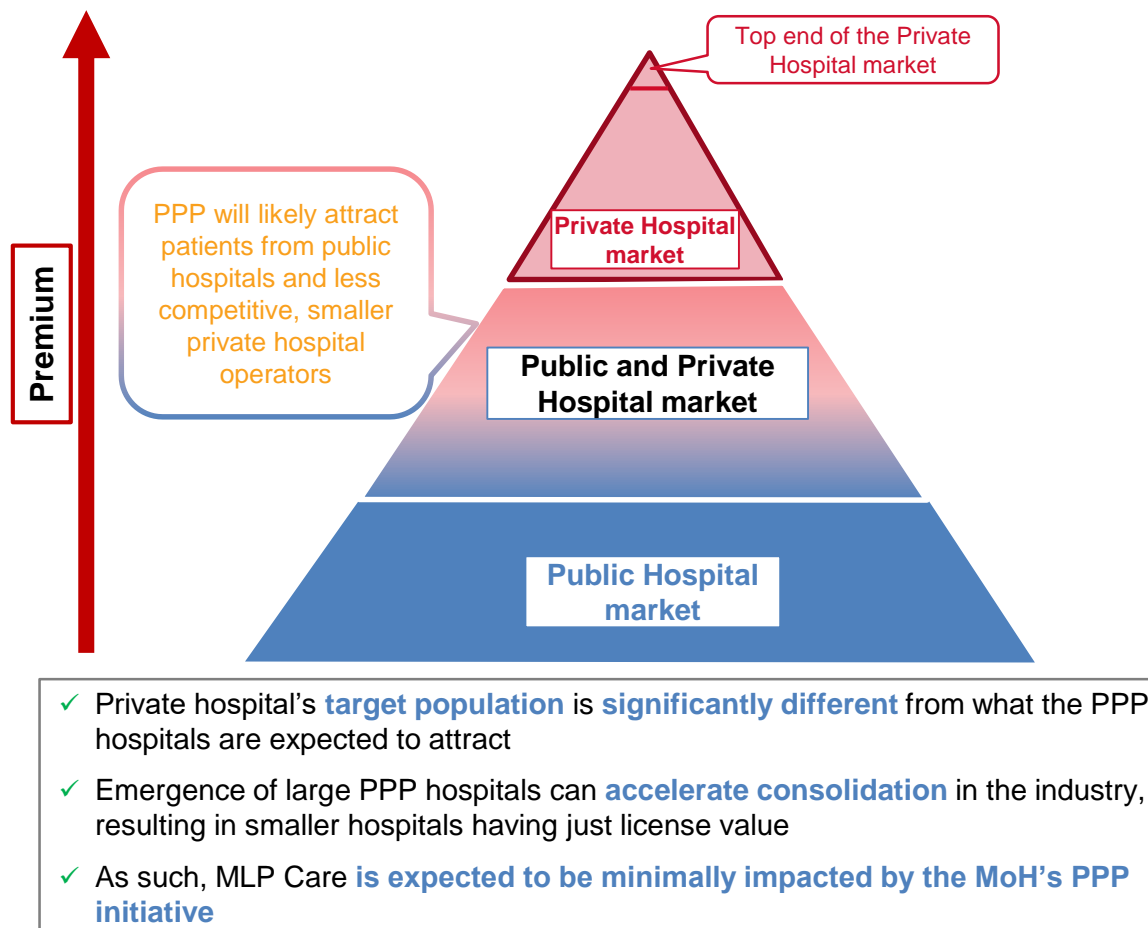

- ✓ National and local leader with a network covering the greatest number of cities
- ✓ 37% of beds located in the attractive Istanbul market
- ✓ MLP Care has the highest number of beds in nearly every city in which they are present

② Clear Leader in Private Hospital Provision

MoH is investing in the PPP program, but large private players do not expect to see an impact in the near / mid term

Highly illustrative schematic of the Turkish Healthcare Sector

PPP success factors

Operational excellence

- ✓ City hospitals are **mega health complexes requiring operational excellence** to ensure financial sustainability and top quality
- ✓ Right governance system needs to be in place

Healthcare personnel

- ✓ MoH needs to **staff** city hospitals with the right quantity and quality of medical staff
- ✓ **Some public hospitals** may need **to be closed** and staff re-located
- ✓ **Re-location** of medical staff may pose some **risk due to remote location of city hospitals**

High service quality

- ✓ MoH needs to **ensure patient demand** through high quality service
- ✓ **Significant increase in travel time**, especially for outpatient or unplanned visits may hinder demand
