**REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED  
FINANCIAL INFORMATION**

To the General Assembly of MLP Sağlık Hizmetleri A.Ş.

*Introduction*

We have reviewed the accompanying condensed consolidated statement of financial position of MLP Sağlık Hizmetleri A.Ş. (the "Company") and its subsidiaries (collectively referred as the "Group") as at 30 June 2021 and the related condensed consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the six-month period then ended. The management of the Group is responsible for the preparation and fair presentation of this interim condensed consolidated financial information in accordance with Turkish Accounting Standard 34 ("TAS 34") "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

*Scope of review*

We conducted our review in accordance with the Standard on Review Engagements ("SRE") 2410, "Review of interim financial information performed by the independent auditor of the entity". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and the objective of which is to express an opinion on the consolidated financial statements. Consequently, a review on the interim condensed consolidated financial information does not provide assurance that the audit firm will be aware of all significant matters which would have been identified in an audit. Accordingly, we do not express an audit opinion.

*Conclusion*

Based on our review, nothing has come to our attention that causes us to conclude that the accompanying interim condensed consolidated financial information of MLP Sağlık Hizmetleri A.Ş. is not prepared, in all material respects, in accordance with TAS 34.

### *Other information*

Management is responsible for the other information. The other information comprises the Appendix I added to “Other information” section in the report but does not include the condensed consolidated financial statements and our auditor’s report thereon. Our conclusion on the condensed consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our review of the condensed consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the review or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

##### 2.1 Basis of Presentation

###### Statement of Compliance with TFRS

The condensed consolidated financial statements of the Group have been prepared in accordance with the Turkish Financial Reporting Standards, (“TFRS”) and interpretations as adopted in line with international standards by the Public Oversight Accounting and Auditing Standards Authority of Turkey (“POA”) in line with the communiqué numbered II-14.1 ‘Communiqué on the Principles of Financial Reporting In Capital Markets’ (“the Communiqué”) announced by the Capital Markets Board of Turkey (“CMB”) on June 13, 2013 which is published on Official Gazette numbered 28676.

The Company prepared its condensed interim financial statements for the period ended 30 June 2021 in accordance with IAS 34, ‘Interim Financial Reporting’. The condensed interim financial statements and its accompanying notes are presented in compliance with the format recommended by CMB including its mandatory information. In compliance with the IAS 34, entities have preference in presenting their interim financial statements whether full set or condensed. In this framework, the Company preferred to present its interim financial statements in condensed.

Interim condensed financial statements of the Group do not include all the information and disclosures required in the annual financial statements, therefore should be read in conjunction with the Company’s annual financial statements as of 31 December 2020.

###### Currency Used

Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. For the purpose of the consolidated financial statements, the results and financial position of each entity consolidated are expressed in Turkish Lira (‘TL’), which is the functional currency of the Company and all its subsidiaries and the presentation currency of the Group.

##### 2.1 Basis of Presentation (Continued)

###### Inflation accounting

In accordance with the CMB's decision dated March 17, 2005 and numbered 11/367, for companies operating in Turkey and preparing financial statements in accordance with the Turkish Accounting Standards, the application of inflation accounting has been terminated as of January 1, 2005. Accordingly, as of January 1, 2005, "Financial Reporting in High Inflation Economies" Standard ("TAS 29") has not been applied.

###### Restatement and errors in the accounting policies and estimates

The Group's consolidated financial statements have been prepared in comparison with the previous period in order to give accurate trend analysis regarding the financial position and performance. Where necessary, comparative figures have been reclassified to conform to the presentation of the current period consolidated financial statements and significant changes are explained.

In the previous year, the Group had not reclassified certain comparative balances in order to conform to current year's presentation in the consolidated financial statements.

###### Going concern assumption

Company's current liabilities in the enclosed financial statements for the period ending 30 June 2021 and 31 December 2020, exceeded its total current assets by TRY314,917 and TRY201,422 respectively. The most important share in current liabilities consists of short-term financial borrowings, trade payables and lease liabilities from financial institutions. The most important portion of the current liabilities is the short-term financial borrowings which the Group obtained from financial institutions, since a significant portion of the borrowings was obtained in the form of short-term loans the current ratio is a liability, and this indicates a need for a source to meet the Company's short-term liabilities.

The Group management has made their assessment according to the Communiqué Amending the Communiqué on the Procedures and Principles Regarding the Implementation of the Article 376 of the Turkish Commercial Code ("TCC") numbered 6102 ("Amending Communiqué") which is published in the Official Gazette dated December 26, 2020 and numbered 31346 and "Capital Loss and Financial Distress" of Turkish Commercial Code 376.

In the calculations made according to the Communiqué, in addition to the unrealized exchange difference losses arising from foreign currency liabilities that have not yet been fulfilled, depreciation and half of the total personnel expenses arising from leases accrued on 2020 may not be taken into account. Accordingly, the shareholders' equity was determined by deducting the unrealized foreign exchange losses amounting to TRY153,734 regarding the loans and other debts of the Group, the expenses arising from the leases amounting to TRY144,804 and the depreciation and personnel expenses amounting to TRY91,909 and the equity amounting to the amount of TRY414,904 and it was concluded that more than two-thirds of the capital is protected.

In addition, revenue has increased by 46% compared to 2020 with the normalization steps after pandemic measures in Turkey. For the period ending 30 June 2021, the net profit amounted to TRY174,428 due to the improvement in operational performance and cost savings.

In the light of all this information, the Group management does not anticipate a significant risk regarding the continuity of the business and the consolidated financial statements have been prepared with the assumption that the company will continue its activities in the predictable future.

(1) Represents voting power held.

(2) In 2011, the Group with the help of its real person shareholders decided to establish a medical university. Based on current legislation, foundations have to be owned by real persons rather than companies and since MLP could not be the shareholder of an association, Muharrem Usta, one of the shareholders in the company, was assigned as the chairman of the board of the foundation. The purpose of the foundation is to establish a medical university in order to align one of the hospitals of the Group to that university. Although, MLP has no shareholder interest in the foundation, the financial statements of the foundation are consolidated to the financial statements in accordance with IFRS 10 as the Company achieved the control by having power and the ability to use its power on the future benefit and cost of the foundation. In addition, the Company has rights to the financial and operating policies

(3) Company took liquidation decision on December 25, 2017.

(4) Company has decided to cease all its activities on September 15, 2020 as of September 18, 2020.

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- Has power over the investee,
- Is exposed, or has rights, to variable returns from its involvement with the investee and
- Has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

#### NOTE 2 - BASIS OF PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS (Continued)

##### 2.1 Basis of Presentation (Continued)

###### Basis of Consolidation (Continued)

In cases where the Company has no majority voting rights on the company/asset invested, it still has the control power over that company/asset if the Company alone has sufficient voting rights to manage the investment operations of that company/asset. The Company considers all events and requirements including the items listed below to evaluate if its voting power is sufficient to get control power in an investment:

- The comparison of the Company’s voting right and other shareholders’ voting rights,
- Potential voting rights of the Company and other shareholders,
- Rights emerging from other agreements upon contracts,
- Other events and requirements showing the potential power of the Company in managing operation decisions (including the voting held on prior period general assemblies).

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

All intra-group assets and liabilities, equities, income and expenses and cash flows resulting from of Group companies’ transactions are eliminated on consolidation.

###### Changes in the Group’s ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to owners of the Company.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable IFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under IAS 39, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

##### 2.2 Changes in Accounting Policies

Significant changes made in accounting policies are applied retrospectively and prior year financial statements are restated. In current period, the Group has no changes in its accounting policies other than the change disclosed in Note 2.1.

##### 2.3 Changes in the Accounting Estimates and Errors

If changes in accounting estimates are for only one period, changes are applied on the current year but if the changes in accounting estimates are for the following periods, changes are applied both on the current and the following years prospectively. In the current period, the Group has no changes in the accounting estimates and errors.

##### 2.4 Significant Accounting Estimates and Decisions

Preparation of consolidated financial statements requires management to make estimations and assumptions which may affect the reported amounts of assets and liabilities as of the statement of financial position date, the disclosure of contingent assets and liabilities and the reported amounts of income and expenses during the financial period. The accounting assessments, estimates and assumptions are reviewed considering past experiences, other factors and reasonable expectations about future events under current conditions. Although the estimations and assumptions are based on the best estimates of the management’s existing incidents and operations, they may differ from the actual results.

##### *Effect of Covid 19 Outbreak on Group Activities*

The spread and continuity of Covid-19 outbreak effect with in the world as well as in Turkey can not be estimated clearly. As the severity and duration of the effects become clearer, it will be possible to make a more specific and healthy evaluation for the medium and long term. However, while preparing the interim condensed consolidated financial statements as of 30 June 2021, the possible effects of the Covid-19 outbreak were evaluated and the estimates and assumptions used in the preparation of the financial statements were reviewed. In this context, the Group has tested possible impairment in the values of financial assets, stocks, tangible and intangible fixed assets included in the interim condensed consolidated financial statements as of 30 June 2021 and no impairment was detected.

##### 2.5 Changes in Accounting Pricies

###### a) *Standards, amendments and interpretations applicable as at 30 June 2021:*

- **Amendment to IFRS 16, ‘Leases’ – Covid-19 related rent concessions Extension of the Practical expedient;** as of March 2021, this amendment extended till June 2022 and effective from 1 April 2021. As a result of the coronavirus (COVID-19) pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. On 28 May 2020, the IASB published an amendment to IFRS 16 that provides an optional practical expedient for lessees from assessing whether a rent concession related to COVID-19 is a lease modification. Lessees can elect to account for such rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concession as variable lease payments in the period(s) in which the event or condition that triggers the reduced payment occurs.
- **Amendments to IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform Phase 2;** effective from annual periods beginning on or after 1 January 2021. The Phase 2 amendments address issues that arise from the implementation of the reforms, including the replacement of one benchmark with an alternative one.
- **Amendments IFRS 4, ‘Insurance contracts’, deferral of IFRS 9;** effective from annual periods beginning on or after 1 January 2021. These amendments change the fixed date of the temporary exemption in IFRS 4 from applying IFRS 9, Financial Instrument until 1 January 2023.

These amendments do not have any significant impact on Group’s financial condition and performance.

###### b) *Standards, amendments and interpretations that are issued but not effective as at 30 June 2021:*

- **IFRS 17, ‘Insurance contracts’;** effective from annual periods beginning on or after 1 January 2023. This standard replaces IFRS 4, which currently permits a wide variety of practices in accounting for insurance contracts. IFRS 17 will fundamentally change the accounting by all entities that issue insurance contracts and investment contracts with discretionary participation features.
- **Amendments to IAS 1, Presentation of financial statements’ on classification of liabilities;** effective from 1 January 2022. These narrow-scope amendments to IAS 1, ‘Presentation of financial statements’, clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the ‘settlement’ of a liability.
- **A number of narrow-scope amendments to IFRS 3, IAS 16, IAS 37 and some annual improvements on IFRS 1, IFRS 9, IAS 41 and IFRS 16;** effective from Annual periods beginning on or after 1 January 2022.
  - **Amendments to IFRS 3, ‘Business combinations’** update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.

###### *b) Standards, amendments and interpretations that are issued but not effective as at 30 June 2021:*

- **Amendments to IAS 16**, ‘Property, plant and equipment’ prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in profit or loss.
- **Amendments to IAS 37**, ‘Provisions, contingent liabilities and contingent assets’ specify which costs a company includes when assessing whether a contract will be loss-making.

Annual improvements make minor amendments to IFRS 1, ‘First-time Adoption of IFRS’, IFRS 9, ‘Financial instruments’, IAS 41, ‘Agriculture’ and the Illustrative Examples accompanying IFRS 16, ‘Leases’.

- **Narrow scope amendments to IAS 1, Practice statement 2 and IAS 8**; effective from annual periods beginning on or after 1 January 2023. The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.
- **Amendment to IAS 12 – Deferred tax related to assets and liabilities arising from a single transaction**; from annual periods beginning on or after 1 January 2023. These amendments require companies to recognise deferred tax on transactions that, on initial recognition give rise to equal amounts of taxable and deductible temporary differences.

The Company has not yet determined the effects that may occur in the financial statements as a result of the application except for the ones mentioned above and does not expect these differences to have a significant effect on the financial statements.

Corporate Tax

The Group is subject to Turkish corporate tax. Provision is made in the accompanying consolidated financial statements for the estimated charge based on the Group's results for the years and periods. Turkish tax legislation does not permit a parent company and its subsidiary to file a consolidated tax return. Therefore, provisions for taxes, as reflected in the consolidated financial statements, have been calculated on a separate-entity basis.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, and by deducting dividends received from resident companies, other exempt income and investment incentives utilized.

The advance corporate income tax rate is 25% in 2021 (2020: 22%).

In Turkey, temporary tax is calculated and accrued on a quarterly basis. With the change in the Corporate Tax Law, which came into force after being published in the Official Gazette dated April 22, 2021 and numbered 31462, the corporate tax rate applied in Turkey is 25% for 2021 corporate earnings, 23% for 2022, and 20% for 2023 and the following years. Losses can be carried forward for a maximum of 5 years, to be deducted from the taxable profits that will arise in future years. However, the losses incurred cannot be deducted retrospectively from the profits of previous years.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns between 1 - 25 April following the close of the accounting year to which they relate. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

(Amounts expressed in thousands Turkish Lira (“TRY”) unless otherwise stated.)

#### NOTE 22 - TAXES ON INCOME (DEFERRED TAX ASSET AND LIABILITIES INCLUDED) (Continued)

##### Deferred Tax

The Group recognizes deferred tax assets and liabilities based upon temporary differences arising between its financial statements as reported for TAS purposes and its statutory tax financial statements. These differences usually result in the recognition of revenue and expenses in different reporting periods for TAS and tax purposes and they are given below. Tax rate used in the calculation of deferred tax assets and liabilities was 25% over temporary timing differences expected to be reversed in 2021, 23% for after 2022 and 20% for following years. (2020: 22%).

In Turkey, the companies cannot declare a consolidated tax return, therefore subsidiaries that have deferred tax assets position were not netted off against subsidiaries that have deferred tax liabilities position and disclosed separately.

##### Investment Incentive Certificate

The Group has various investment incentive certificates that were signed by the Turkish Ministry of Economy and approved by General Directorate of Incentive Implementation and Foreign Capital. With those incentives, the Group is eligible for a corporate tax deduction rate ranging between 40% - 80% for an unlimited time, which amounts to a total deferred tax asset of TRY170,153 (December 31, 2020: TRY160,332). Respective deferred tax asset was calculated to be 15% - 40% of total investment contribution with regards to the respective investment incentive certificates. Additionally, the Group is entitled to social security premium support from the Turkish Ministry of Economy, related to the hospitals that have completed their greenfield investments. Such investment income of TRY3,546 will be netted off against personnel expenses over the period of 2020 - 2026.

Foreign currency sensitivity

The Group is exposed to foreign exchange risk arising primarily from USD and EUR.

The following table details the Group’s sensitivity to a 20% increase and decrease against the relevant foreign currencies. 20% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management’s assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 20% change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Group where the denomination of the loan is in a currency other than the currency of the lender or the borrower. A positive number below indicates an increase in profit/(loss) or equity where the TRY strengthens 20% against the relevant currency. For a 20% weakening of the TRY against the relevant currency, there would be a comparable impact on the profit before tax or equity, and the balances would be negative.
